ACCOUNT DASHBOARD

Need a quick overview of your orders, quotes and shipments? View all your information on a single screen for the easiest way to manage your day-to-day!

The Dashboard gives a straightforward view for each account you oversee - know where and when your orders are arriving, which quotes need to be converted into orders, or use Product Lists to manage a tool crib or truck stock!

Access additional details from any tile

Tiles can be reorganized, resized, added or removed for a customized view
