

PUT STYLISH POWER WHERE YOU WANT IT

# ParkPost™ Outdoor Enclosure

Contractors can help homeowners enjoy free-standing power wherever they want in residential yards and outdoor living spaces. The demand for upmarket outdoor living is growing and the ParkPost enclosure delivers convenient access. The first of its kind slide cover design hides and protects plugs.

## Features

- Ideal for prominent locations rather than hidden away like typical outdoor boxes & covers
- Accommodates two power cords including most 16-gauge grounded extension cords
- Fits standard duplex, decorator, GFCI, or single round receptacle with included adapters
- NEMA 3R wet location rated
- Available in Gray, White or Bronze

## Applications

Provide electrical power “behind the fence” near patios, spas, outdoor kitchens, shade structures, or fire pits at single family residences. Or rental properties wanting to attract tenants with unique features.

**PP55G**  
Gray

**PP55Z**  
Bronze

**PP55W**  
White

## OPTIONAL COVERS

Easily replace the standard cover with Bluetooth® speaker, dimmable LED area light, pagoda light, or directional spotlight. Unique electrical contacts provide power to the cover with no additional wiring.

## ATTRACTIVE DURABILITY

Color is molded into the heavy-duty, UV-resistant polycarbonate for enhanced durability

ParkPost future line extensions pictured here with Area Light, Flood Light and Bluetooth® Speaker slide covers.

# ParkPost™ Free-standing Outdoor Enclosure

Standard slide cover is easily replaced with optional slide covers including Area Light, Pagoda Light, Spotlight, and Bluetooth Speaker

Innovative electrical contacts provide power to optional accessory slide covers without any additional wiring

Includes adapters for duplex, decorator, GFCI, and single round receptacles as well as solid blank (Kit includes Hubbell Tamper-Resistant/Weather-Resistant Autoguard® 15A GFCI)

Heavy-duty, UV-resistant polycarbonate with molded-in color for durability

Large angled opening at bottom for easy conduit access from multiple directions and sweeps

Unique slide cover provides easy access to outlets and retains stylish appearance even with cords plugged in

Splashguard keeps the elements and bugs out of the enclosure

(2) 1/2" knockouts

15" installed height (or less depending on buried depth)

Fins ensure post maintains a perfect upright position

Fittings and wiring connections are conveniently accessible since the enclosure mounts to the base prior to the slide cover installation
