

STAINLESS STEEL DRAIN PLUGS

Features:

- Manufactured in type 316 stainless steel to meet any stringent sanitary condition
- Polished with standard "brite" finish to increase corrosion resistance and aesthetic appearance
- Designed for high performance condensation / fluid drainage and ventilation
- Designed for use with stainless steel conduit systems
- No package qty. required

Applications:

Calbrite's stainless steel Drain Plugs are manufactured to provide a method of easy drainage to an assembly; to minimize condensation and accumulation of water/fluids. The high quality design allows for simplified installations and use.

Industries Commonly Served:

- Food & Beverage Production & Distribution
- Chemical Plants
- Water & Wastewater Treatment
- Pharmaceuticals & Cosmetics
- Refining & Extraction Sites
- Petrochemical
- Pulp & Paper Mills
- Marine & Coastal Facilities

Part Number	Overall Height	Overall Width	Overall Length	Thread Length	Weight (ea) per lb.
