SELECTION AND INNOVATION.

GET ALL YOUR AC/MC
CABLE JOBS DONE
FAST, AND DONE RIGHT
WITH BRIDGEPORT.

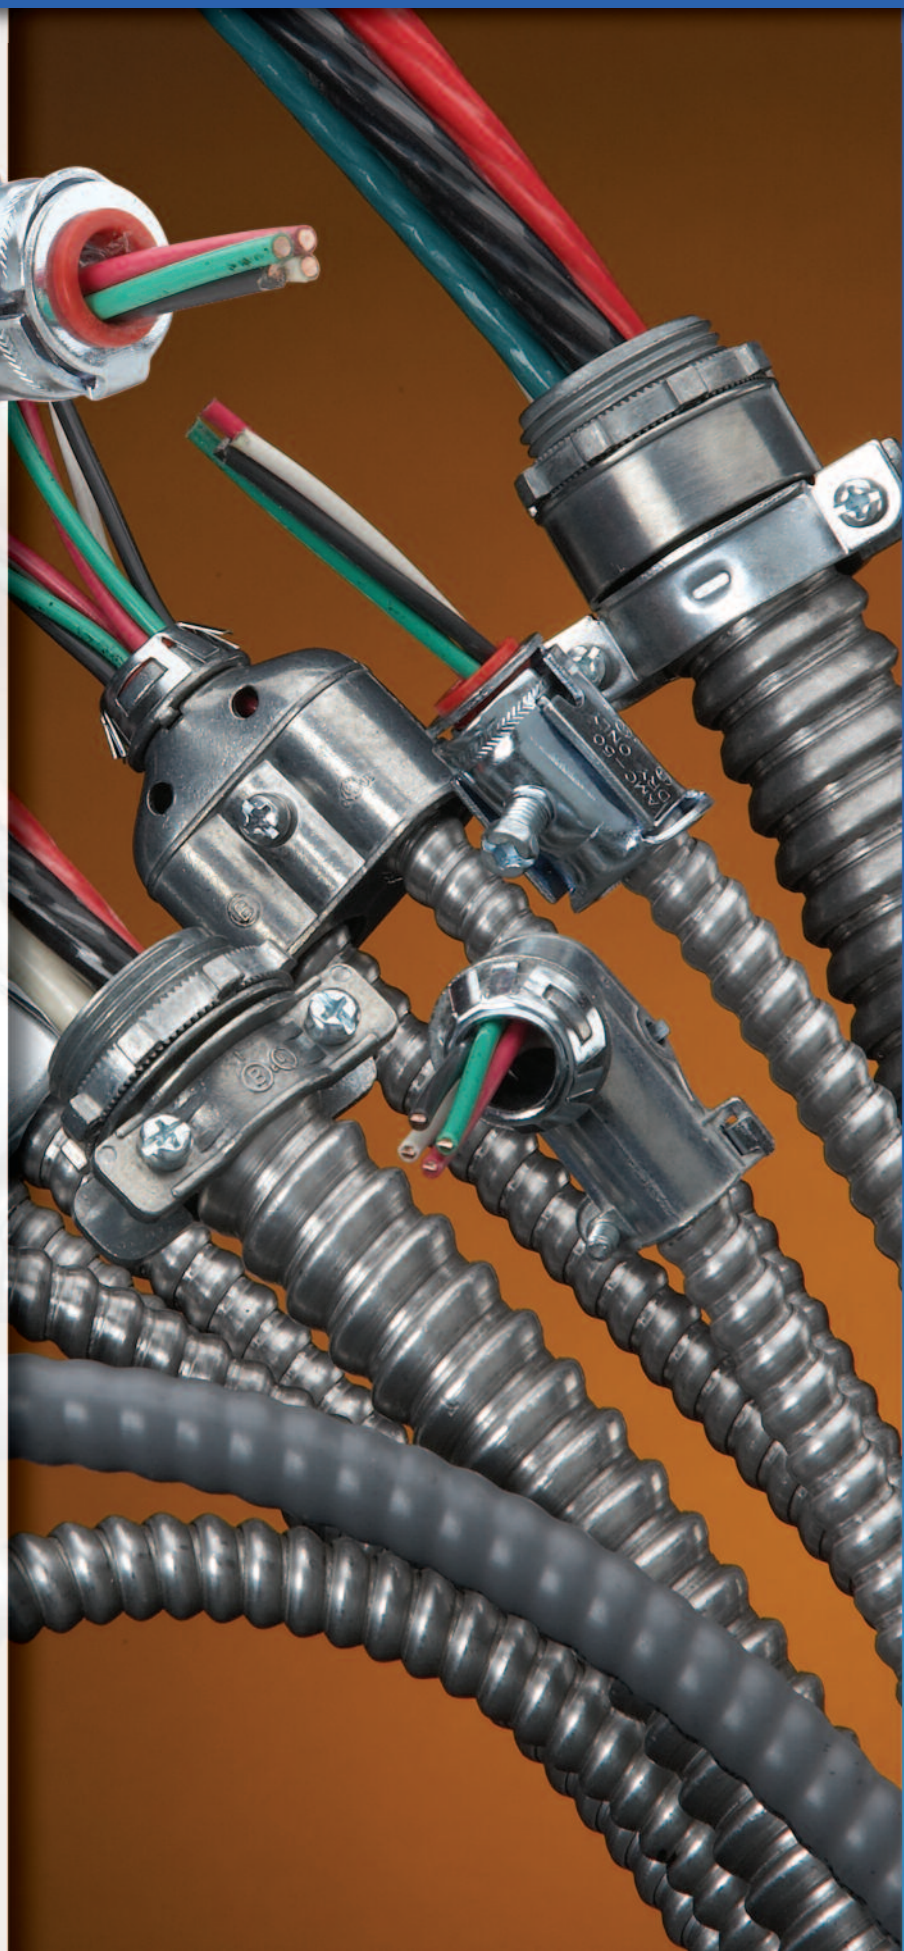

Quality, innovation, selection and availability – you get it all with the industry's leading AC/MC cable fittings line from Bridgeport. So all the choices you need in steel, malleable and zinc share the most important product attribute: *a Bridgeport Circle B on the fitting.* It's the mark that says you take pride in your work.

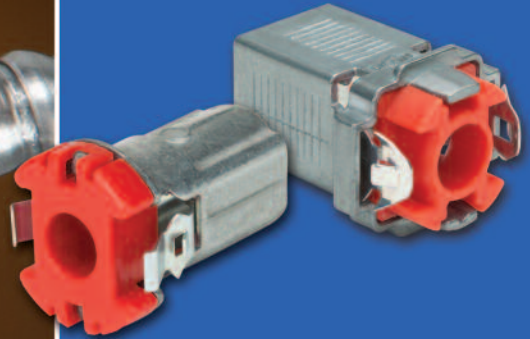

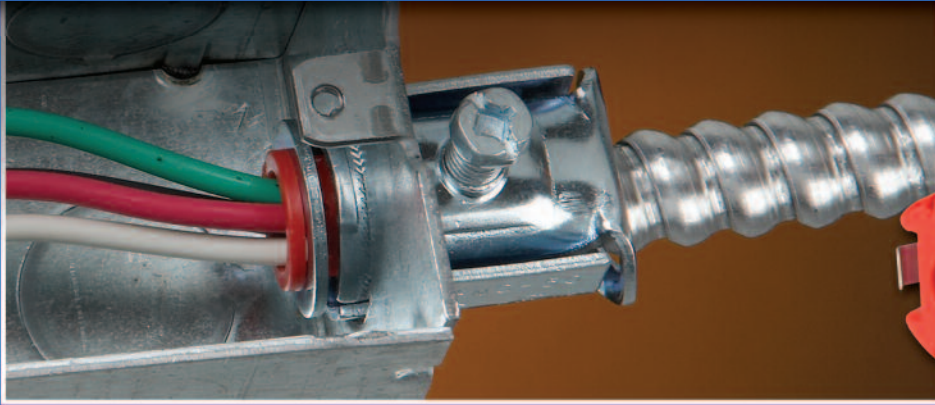

From duplex snap-ins and single and double screw connectors to transition couplings and universal straps with stronger straps – Bridgeport's got you covered. We've engineered in performance differences that can help you every day – better fit, faster install and assured quality out of the box. Plus, innovations like deep-slot tri-head screws, tapped locknuts that don't "jump" threads and snap-ins that snap out easy, too.

Make the smart selection and choose Bridgeport cable fittings every time. For installations that last a lifetime.

Call Bridgeport at 203-377-5944 or visit us online at www.bptfittings.com and be sure all your AC and MC connections are A-OK.

Because the sure way to spell AC/MC success is with a B. Bridgeport.

BRIDGEPORT YOUR BEST ALTERNATIVE FOR SNAP-IN FITTINGS

Save time and money with every installation.

Bridgeport's fittings snap right into the box – with the satisfying click of performance.

Convenience.

Pre-assemble cable, or easily install after connector is in the box. Either way, assembly is a snap. You can remove our connectors almost as easy as you pop them in. Simply depress the tabs and remove.

Designed to work the way you work.

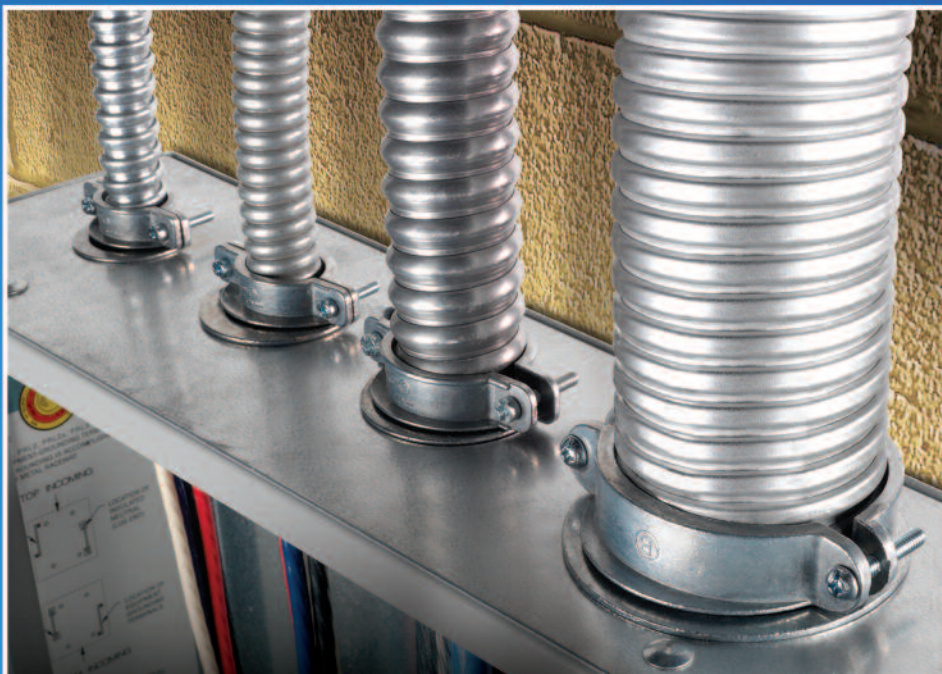

On the job, you'll appreciate the attention to detail and the many convenient features that make our line so easy to use.

FEATURED PRODUCT:

WHIPPER-SNAP® Snap-in "U" Shaped Strap Duplex Connector (SG3838ASP)

Connect two 14/2 to 10/3 AC/MC cables or 3/8" flexible metal conduit to a box or enclosure. Simply push the connector into the box for a quick, secure connection every time.

Large Feeder Cable Fittings

Bridgeport's AC/MC Connectors are the industry's finest choice for connecting large branch circuit or feeder MC Cable to boxes, enclosures, load-centers, panel-boards, transformers, switchgear, and other electrical equipment. Use Bridgeport's fittings to obtain a robust mechanical connection in commercial and industrial facilities such as paper mills, chemical plants, utility plants, educational facilities, office buildings as well as multi-family, residential complexes.
