

Capturing the Value of Learning+

Rockwell Automation Training Services

Learning solutions to help build the knowledge and expertise of your personnel

E-LEARNING

- Interactive learning with simulations and videos
- Covers 6 technologies
- Available on any tablet or PC using all major browsers
- Learners earn CEUs upon completion

VIRTUAL CLASSROOM

Hybrid, instructor-led courses. Blends e-learning, video assets, student materials, instructor lecture, interactive labs, collaborative Q&A

Scheduled to run to allow customers freedom to participate in the learning experience on demand

20+ E-LEARNING COURSES

Global library consisting of 21 courses across 6 technologies, with more courses to follow throughout 2021 & 2022

ACCESSIBILITY

Available on tablet or PC. All content is narrated and has a viewable transcript. Language support is provided as stated within the Learning+ experience.

11 HYBRID VIRTUAL CLASSROOM

Modularized virtual lectures, lab experience demonstrations, simulations and demonstration videos, and available office hours for small group coaching to enhance learning concepts.

VALIDATED LEARNING

Each lesson has a knowledge assessment, requiring 80% to pass. Upon successful completion of the course, a learner will be awarded CEUs.
