

EMT Plastic Insulated Bushings

Size Range: 1/2" - 4"

Product Series: EIB Industrial Plastic Insulated Threaded Bushings

Use with EMT Tubing Push On Tubing End with Molded Stop

Non-Grounding

Material: Polypropylene Impact Resistant

Color: Gunmetal Gray

Temperature Rated at 105°C

Made in the USA

Industrial SPEC-grade

EIB Series Plastic Push On EMT Bushing

AMFICO EMT plastic insulating bushings offer maximum protection for cables to avoid damaging abrasion due to sharp EMT edges. Snap onto EMT tubing and they firmly hold and remain in place.

Ideal for use in all environments where conductor integrity is of prime importance, such as tele-communication, data centers & security system installations.

Bushings provide smooth, rounded surfaces at the ends of raceways and easily affixes to conduit. Will not pull off during large size wire pulls.

Cat. #	Trade Size	Unit Ctn	Std. Pkg	WT/100	A	B
EIB50	1/2"	100	1000	1	.558	.537
