

P1648S thru P1653S - Beam Clamp (1-5/8" Series)

Beam Clamp P1648S thru P1653S series beam clamp is designed to hang threaded rod from a beam.

Features

- Vertical Design Load: Up to 2,400 lbs per table.
- 1/4" - 3/4" threaded hole size
- Beam flange thickness: Up to 7/8"
- Set screw included
- This series is available in Electrogalvanized (EG) and Hot-Dip Galvanized (HG).

Catalog Number	Trade Size	Material Type	Surface Finish	Part Weight (lb/ea)	Standard Package Weight (lb)
P1648S DF	1/4 ²⁰	Steel	Defender	0.67	6.7
P1648S EG	1/4 ²⁰	Steel	Electrogalvanized	0.67	6.7
P1648S GR	1/4 ²⁰	Steel	Green E-Coat	0.67	6.7
