

ENERGY STAR® exhaust fans at an economy price

CODE compliant

ENERGY STAR® certified for permitted construction and/or Green Building Initiatives

All 60, 70 and 80 CFM exhaust fans maintain at least 50 CFM @ .25" s.p. to meet stringent codes

VERSATILE, EASY installation

4 ways to install:

- FoldAway™ mounting ears
- Mounting flange
- Angled screws inside housing
- Hanger bars (optional accessory)

SlideClip™ Grille, easiest installation with no springs (patent pending), easier cleaning

SEAMLESS design

Simple design that blends into the ceiling
