

## Fluke RLD1 Leak Detector

Leak detection made easy

The compact, easy-to-use, RLD1 HVAC leak detector, uncovers refrigerant leaks instantly. The green LED indicates when the leak detector is 'on', by highlighting the leak detection dye. With 100,000 hours of life, this handy refrigerant leak detection tool is a must have for HVAC Technicians.

- UV LED (375 nm wavelength) detects leak detection dyes
- Safe and easy to use with momentary power control
- Green LED indicates UV light 'on'
- Operating temperature 0 ° C to 50 ° C
- Convenient key chain and AAA battery included
