

## Conduit Straps (One Hole Rigid)

OHSR-50

**Application:** These one-hole conduit straps are used in both wet and dry locations to mount rigid or IMC conduits.

**Advantages:** Garvin Industries' one-hole rigid conduit straps have a malleable construction to ensure mechanical protection and durability. The oversized bolt holes make positioning the fastener quick and easy.

**Field Names:** 1 hole straps, rigid one hole straps, rigid conduit strap, rigid pipe support.

**Material:** Malleable Iron
