

MORRIS CAT#: 10766-10767
Insulation Displacement Connectors (IDC) UY 2
Port

Features:

Insulation Displacement Connectors (IDC) UY2 2 Port 100 Pc features include:

- 2 port wire butt splice designed for straight butt style splicing
- IDC connectors create fast splice and tap
- Corrosion resistant gel sealant to protect connection
- Designed for low voltage telecommunication cables
- Quick, easy one-step splicing
- Moisture-resistant sealant protects wires from corrosion
- Use with solid copper single-conductor wire
- Complies with REA PE-52
- Complies with TIA/EIA 568-A Par 10.4.4 CAT-5 Std
- Order Qty of 100 = 1 Bag of 100
