# Hospital Grade Devices Extra Heavy-Duty Receptacles Tamper-Resistant 15 & 20A, 125V

TR62-H, TR63-H

## Extremely durable receptacles for pediatric locations.

**T**he heavy-gauge brass straps lock into the 100 percent nylon faces and back bodies — ensuring long-term durability. And a sturdy mechanical shutter system helps prevent children from sticking objects into the receptacle. Installation is quick and easy, thanks to screw-pressure-plate back wiring (side wiring is supported too). There is even a back wire clamp on the ground terminal.

### Features & Benefits

**Auto-ground** eliminates the necessity to terminate grounding conductor to device.

**Dual mechanical shutter system** to help prevent insertion of foreign objects.

**Two drive screws anchor strap** to back body and face where abrupt removal torque is strongest.

**Exclusive patented feature, circuit label on face of device** allows permanent and positive circuit identification.

**Extra heavy-duty brass, one-piece mounting strap with integral ground** for superior structural integrity and long-term performance.

TR63-HI

**Strap tabs wrap around and lock down on face** to prevent strap from separating from face and back body.

**Exclusive patented feature, external screw-pressure-plate back wire clamp on ground terminal** for faster, easier installation.

**Easily accessed break-off, line-contact connecting tab** for fast, easy split-circuit wiring.

**External screw-pressure-plate back wire clamps with #10 brass terminal screws** for visual assurance of a good connection.

**One-piece, nickel-plated triple-wipe power contacts** for reliable plug retention.

## Technical Specifications

3rd Party Compliance	
UL Listed, File Number E140596, Standard UL498.	
Federal Specification WC596, Hospital Grade.	
CSA Certified, File Number LR16063, Standard CSA-C22.2 No. 42.	

Performance	
<b>Electrical</b>	
Dielectric Voltage	Withstands 2000V minimum
Maximum Working Voltage	250V
Current Interrupting	Certified for current interrupting at full-rated current
Temperature Rise	Maximum 30°C temperature rise at full-rated current after 50 cycles of overload at 150% of rated current with direct current
<b>Mechanical</b>	
Terminal Identification	Terminal Identification in accordance with UL498 (Brass, White, Green)
Terminal Accommodation	#14 AWG – #10 AWG copper conductor only
Product Identification	Ratings are a permanent part of the device
<b>Environmental</b>	
Flammability	UL94 V2
Operating Temperature	Maximum continuous +60°C, minimum -40°C without impact

Dimensions for 15 & 20 Amp

Materials			
Face	Nylon	Terminal Screws	#10 Tri-Drive Brass
Back Body	Nylon		(Neutral = Nickel-Plated Steel)
Line Contacts	688 Nickel-Plated Brass	Ground Screw	#10 Hex Tri-Drive Brass
Mounting Strap	.050 688 Brass	Assembly Drive Screw	Zinc-Plated Steel
Ground Contacts	Strap with Integral Ground	Auto-Ground Clip	Brass
Pressure Plate	.031 260 Nickel-Plated Brass	Mounting Screws	Tri-Drive Steel

### Warranty

1 Year
